

The Tenth International Conference on Integral Methods in Science and Engineering
IMSE 2008 Santander, July 7–10, 2008

The title

First name¹, **Second name**²

¹Department of XXXX , University of XXXX, `name1@email.address`

²Department of XXXX, University of XXXX, `name2@email.address`

Abstract

Insert here the text of your abstract. It should fit into one page (including the references). Since there will be no proofs for abstracts, make sure your text is in final form.

Cite references in the normal manner: [1], [2] and [3]. But please do not introduce section commands or define any macros.

Keywords: First, second, ...

References

- [1] AUTHORS. *Book title*. Publisher, city, year.
- [2] AUTHORS. Article title. *Name of the review* **volume**(number), first page–last page (year).
- [3] AUTHORS. Article title. In *Proceedings title*, editors' names (eds.), pp. first page–last page. Publisher, city, year.
